I. C. R. N.

The Inter College Radio Network is the largest organization on campus, with an active membership of 100 students. The three member stations of the Network provide nearly 200 hours of news, sports and music each week. Students from both Clarkson and Stetson campuses may participate. The Network includes four main departments:

WTSC AM/FM is an "easy listening" radio station. It features a wide variety of music, including folk, jazz, Broadway, and classical programming. It covers all Clarkson Hockey games, as well as special programs from the Cross School of Music on the State University College.

WHYC is a campus radio station devoted almost exclusively to "Top 40" rock and roll programming. It features the all-collegiate top 10 (chart's last, "pick list" of the week, and a few "Golden Oldies").

LINES HOUSE NEWS CENTER serves both WTSC and WHYC with eight news reports each evening.

TECHNICAL DEPARTMENT maintains all network equipment in top operating condition. This includes the transmitters, audio consoles, various broadcasting equipment, etc.

These are but a few of the activities of the ICRN. How the year was on airwriting service providing weather, sports, ski, and road conditions as near as the telephone. In eight months of operation, calls averaged 4500 per month. Highlighting the year broadcasts were live coverage of the Stetson hockey games, increased membership and participation, the Community Information Service and increased air time.
